

LATE QUALITY ASSURANCE TRAINING POLICY
Cowlitz County Market Sale Committee

All Market Sale Youth Members must participate in YQCA Quality Assurance Training and submit proof of training by the date specified by the Cowlitz County Market Sale Committee (CCMSC). If proof of training is not received by the specified date, the CCMSC has the right to refuse entry of the animal into the sale and the animal will not be sold in the auction.

If the quality assurance training due date is missed, then the youth may file a Late Quality Assurance Training Petition to the CCMSC for the animal's acceptance into the Auction. Petitions will only be accepted for two weeks (14 days) past the original due date.

The petition must include:

- Quality Assurance Certificate submitted to the Market Sale Committee via email at cowlitzmarketsale@hotmail.com or mailed to CCMSC PO Box 1523, Castle Rock, WA 98611.
- Timeline of steps that were taken to rectify the situation
- Detailed explanation as to why the original due date was missed
- Be signed by the exhibitor, their parents, and project leader/advisor

Submitting a Late Quality Assurance Training Petition does not guarantee the approval by the CCMSC. Every youth may petition once, but the second offense of missing the Quality Assurance Training due date will result in an automatic denial by the CCMSC.
